### **ACVREP Congratulates New Certificants And Individuals Who Were Recertified For The Quarter Ending December 31, 2005**

The following list of individuals (seeking certification or recertification) was approved by the ACVREP Board of Directors today. The "Directory of Certificants" on the ACVREP website ([www.acvrep.org](http://www.acvrep.org)) has been updated and contains a current list of all ACVREP certificants. Employers are encouraged to consult the Directory to verify the certification status of an employee as this Directory is always current.

As we had a high volume of individuals who sought certification or recertification during this period, please note that it may take up to two weeks before you receive your paper certificate in the mail. However, if you need your certificate immediately, please contact the ACVREP office at 520-887-6816. We can always fax a copy while you wait for the original certificate in the mail.

**A Personal Message From ACVREP's President**

As some of you may already know, Lisa Worden is no longer employed with ACVREP. Her last day of employment was on December 26, 2005. As such, I've been the only one in the office since that time. I've interviewed several qualified applicants and will most likely make an offer of employment next week. I sincerely apologize for any inconvenience you may have experienced prior to or during the last month. Please know that your understanding and patience are greatly appreciated during this transition phase.
